EDUCATION

BTech in Computer Science, KL University   **Expected 2026**
CGPA: 9.69/10   AP, India

Intermediate (MPC), Sri Chaitanya Jr College   **2020 - 2022**
Percentage: 97.1%   AP, India

SKILLS

Programming Languages	Python, Java, JavaScript, C, C++
Tools	GIT, Linux, Windows
Frameworks	React JS, React Native, Django, Spring, Spring Boot
Technologies	HTML, CSS, SQL, MongoDB, AWS Cloud, Machine Learning
Testing & Automation Tools	Selenium, Jenkins
Academic Coursework	Data Structures & Algorithms
Certifications	RedHat EX-183 (View), AWS Cloud Practitioner (View)

EXPERIENCE

Competitive Coder   Aug 2023 - Present
School of Competitive Coding   *Core Full Time*

- Completed 50 coding challenges in 6 months, improving problem-solving speed by 30%.
- Led a recursion workshop for over 150 people, resulting in a 35% improvement in algorithmic implementation.
- Organized 8 coding club events, increasing member attendance by 40% and improving algorithm quiz scores by 25%.

Academic & Skill Development Lead   Aug 2023 - Present
KL Focus   *Lead Full Time*

- Organized and led technical events, increasing student participation by 40% compared to the previous year.
- Conducted skill development sessions, improving students' average test scores from 65% to 88% over a semester.
- Prepared comprehensive course handouts for Y24 students.

PROJECTS

- **Banking & Finance Management System.** Developed a system to address challenges in banking and finance. Implemented data fetching and storage in MongoDB, reducing latency by 90%. (View)
- **Online Voting System.** Created a secure voting system using Django and PostgreSQL, addressing privacy concerns and ensuring secure voting. (View)
- **QuizCraft.** Designed a Kahoot clone using MERN stack, allowing users to create, share, and participate in real-time quizzes. Implemented node cache to improve usability by 95%. (View)
- **Online Art Gallery.** Developed a user-friendly website for Artists publish their Arts and curators to sell the Arts and visitors to view the Arts. Developed Using Spring Boot and Micro Services making the application quick, agile and will not be interrupted even if a service is not functioning properly. (View)
- **Ai Resume Maker.** Created a secure Resume Maker using Mern stack with shadcn and Neon PostgreSQL database, with Strapi backend. (View)
